Job Opportunities

Senior Frontend Developer

Job Code: FDEV-2024-001 · Department: Engineering

Full-time Remote**Salary: \$120,000 - \$150,000 annually**

Shift Time: 9 AM - 5 PM PST

Job Description

TechCorp Innovations is seeking a highly skilled and experienced Senior Frontend Developer to join our dynamic engineering team. You will play a pivotal role in designing and implementing robust, scalable, and user-friendly web applications that drive our core business. This is an exciting opportunity to work with cutting-edge technologies and contribute to a product that impacts millions of users.

As a Senior Frontend Developer, you will be responsible for translating UI/UX design wireframes to actual code that will produce visual elements of the application. You will also bridge the gap between graphical design and technical implementation, taking an active role on both sides and defining how the application looks and functions.

****Key Responsibilities:****

- Develop new user-facing features using React.js and Next.js.
- Build reusable components and front-end libraries for future use.
- Optimize applications for maximum speed and scalability.
- Collaborate with backend developers and UX/UI designers to improve usability.
- Ensure the technical feasibility of UI/UX designs.
- Write clean, maintainable, and well-documented code.
- Participate in code reviews and mentor junior developers.

Important Skills

React.js TypeScript Next.js Tailwind CSS REST APIs AWS Git Unit Testing UI/UX Principles
